"Sec. 5. Minnesota Statutes 2018, section 124D.165, subdivision 3, is amended to read:

Subd. 3. **Administration.** (a) The commissioner shall establish application timelines and determine the schedule for awarding scholarships that meets operational needs of eligible families and programs. The commissioner must give highest priority to applications from children who:

(1) have a parent under age 21 who is pursuing a high school diploma or a course of study for a high school equivalency test;

(2) are in foster care or otherwise in need of protection or services; or

(3) have experienced homelessness in the last 24 months, as defined under the federal McKinney-Vento Homeless Assistance Act, United States Code, title 42, section 11434a.

The commissioner may prioritize applications on additional factors including family income, geographic location, and whether the child's family is on a waiting list for a publicly funded program providing early education or child care services.

(b) The commissioner shall establish a target for the average scholarship amount per child based on the results of the rate survey conducted under section 119B.02.

(c) A four-star rated program that has children eligible for a scholarship enrolled in or on a waiting list for a program beginning in July, August, or September may notify the commissioner, in the form and manner prescribed by the commissioner, each year of the program's desire to enhance program services or to serve more children than current funding provides. The commissioner may designate a predetermined number of scholarship slots for that program and notify the program of that number. For fiscal year 2018 and later, the statewide amount of funding directly designated by the commissioner must not exceed the funding directly designated for fiscal year 2017. Beginning July 1, 2016, a school district or Head Start program qualifying under this paragraph may use its established registration process to enroll scholarship recipients and may verify a scholarship recipient's family income in the same manner as for other program participants.

(d) A scholarship is awarded for a 12-month period. If the scholarship recipient has not been accepted and subsequently enrolled in a rated program within ten months of the awarding of the scholarship, the scholarship cancels and the recipient must reapply in order to be eligible for another scholarship. A child may not be awarded more than one scholarship in a 12-month period.

(e) A child who receives a scholarship who has not completed development screening under sections 121A.16 to 121A.19 must complete that screening within 90 days of first attending an eligible program or within 90 days of the child's third birthday if awarded a scholarship under the age of three.

(f) For fiscal year 2017 and later, a school district or Head Start program enrolling scholarship recipients under paragraph (c) may apply to the commissioner, in the form and manner prescribed by the commissioner, for direct payment of state aid. Upon receipt of the application, the commissioner must pay each program directly for each approved scholarship recipient enrolled under paragraph (c) according to the metered payment system or another schedule established by the commissioner."

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2018, section 260C.219, is amended to read:

**260C.219 AGENCY RESPONSIBILITIES FOR PARENTS AND CHILDREN IN PLACEMENT.**

Subdivision 1. Responsibilities for parents; noncustodial parents. (a) When a child is in foster care, the responsible social services agency shall make diligent efforts to identify, locate, and, where appropriate, offer services to both parents of the child.

~~(b)~~ (b) The responsible social services agency shall assess whether a noncustodial or nonadjudicated parent is willing and capable of providing for the day-to-day care of the child temporarily or permanently. An assessment under this ~~clause~~ paragraph may include, but is not limited to, obtaining information under section 260C.209. If after assessment, the responsible social services agency determines that a noncustodial or nonadjudicated parent is willing and capable of providing day-to-day care of the child, the responsible social services agency may seek authority from the custodial parent or the court to have that parent assume day-to-day care of the child. If a parent is not an adjudicated parent, the responsible social services agency shall require the nonadjudicated parent to cooperate with paternity establishment procedures as part of the case plan.

~~(c)~~ (c) If, after assessment, the responsible social services agency determines that the child cannot be in the day-to-day care of either parent, the agency shall:

~~(1)~~ (1) prepare an out-of-home placement plan addressing the conditions that each parent must meet before the child can be in that parent's day-to-day care; and

~~(2)~~ (2) provide a parent who is the subject of a background study under section 260C.209 15 days' notice that it intends to use the study to recommend against putting the child with that parent, and the court shall afford the parent an opportunity to be heard concerning the study.

The results of a background study of a noncustodial parent shall not be used by the agency to determine that the parent is incapable of providing day-to-day care of the child unless the agency reasonably believes that placement of the child into the home of that parent would endanger the child's health, safety, or welfare.

~~(d)~~ (d) If, after the provision of services following an out-of-home placement plan under this ~~section~~ subdivision, the child cannot return to the care of the parent from whom the child was removed or who had legal custody at the time the child was placed in foster care, the agency may petition on behalf of a noncustodial parent to establish legal custody with that parent under section 260C.515, subdivision 4. If paternity has not already been established, it may be established in the same proceeding in the manner provided for under chapter 257.

~~(e)~~ (e) The responsible social services agency may be relieved of the requirement to locate and offer services to both parents by the juvenile court upon a finding of good cause after the filing of a petition under section 260C.141.

Subd. 2. Notice to parent or guardian. ~~(b)~~ The responsible social services agency shall give notice to the parent or guardian of each child in foster care, other than a child in voluntary foster care for treatment under chapter 260D, of the following information:

(1) that the child's placement in foster care may result in termination of parental rights or an order permanently placing the child out of the custody of the parent, but only after notice and a hearing as required under this chapter and the juvenile court rules;

(2) time limits on the length of placement and of reunification services, including the date on which the child is expected to be returned to and safely maintained in the home of the parent or parents or placed for adoption or otherwise permanently removed from the care of the parent by court order;

(3) the nature of the services available to the parent;

(4) the consequences to the parent and the child if the parent fails or is unable to use services to correct the circumstances that led to the child's placement;

(5) the first consideration for placement with relatives;

(6) the benefit to the child in getting the child out of foster care as soon as possible, preferably by returning the child home, but if that is not possible, through a permanent legal placement of the child away from the parent;

(7) when safe for the child, the benefits to the child and the parent of maintaining visitation with the child as soon as possible in the course of the case and, in any event, according to the visitation plan under this section; and

(8) the financial responsibilities and obligations, if any, of the parent or parents for the support of the child during the period the child is in foster care.

**Subd. 3. Information for a parent considering voluntary placement.** (e) The responsible social services agency shall inform a parent considering voluntary placement of a child under section 260C.227 of the following information:

(1) the parent and the child each has a right to separate legal counsel before signing a voluntary placement agreement, but not to counsel appointed at public expense;

If the order has not been served, the officer shall immediately serve the order whenever reasonably safe and possible to do so. An order for purposes of this subdivision, includes the short-form order described in subdivision 8a. When the order is first served upon the person at a location at which, under the terms of the order, the person's presence constitutes a violation, the person shall not be arrested for violation of the order without first being given a reasonable opportunity to leave the location in the presence of the peace officer. A person arrested under this paragraph shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(f) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further violations of the order for protection, considering the financial resources of the respondent, and not to exceed \$10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(g) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section or a similar law of another state, the United States, the District of Columbia, tribal lands, ~~or~~ United States territories, Canada, or a Canadian province, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation, or in the county in which the alleged violation occurred, if the petitioner and respondent do not reside in this state. The court also shall refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (b), (c), or (d).

(h) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 or a similar law of another state, the United States, the District of Columbia, tribal lands, ~~or~~ United States territories, Canada, or a Canadian province, and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year, except when the court determines a longer fixed period is appropriate.

(i) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

A peace officer is not liable under section 609.43, clause (1), for a failure to perform a duty required by paragraph (e).

(j) When a person is convicted under paragraph (b) or (c) of violating an order for protection and the court determines that the person used a firearm in any way during commission of the violation, the court may order that the person is prohibited from possessing any type of firearm for any period longer than three years or for the remainder of the person's life. A person who violates this paragraph is guilty of a gross misdemeanor. At the time of the conviction, the court shall inform the defendant whether and for how long the defendant is prohibited from possessing a firearm and that it is a gross misdemeanor to violate this paragraph. The failure of the court to provide this information to a defendant does not affect the applicability of the firearm possession prohibition or the gross misdemeanor penalty to that defendant.

(k) Except as otherwise provided in paragraph (j), when a person is convicted under paragraph (b) or (c) of violating an order for protection, the court shall inform the defendant that the defendant is prohibited from possessing a pistol for three years from the date of conviction and that it is a gross misdemeanor offense to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the pistol possession prohibition or the gross misdemeanor penalty to that defendant.

(l) Except as otherwise provided in paragraph (j), a person is not entitled to possess a pistol if the person has been convicted under paragraph (b) or (c) after August 1, 1996, of violating an order for protection, unless three years have elapsed from the date of conviction and, during that time, the person has not been convicted of any other violation of this section. Property rights may not be abated but access may be restricted by the courts. A person who possesses a pistol in violation of this paragraph is guilty of a gross misdemeanor.

(m) If the court determines that a person convicted under paragraph (b) or (c) of violating an order for protection owns or possesses a firearm and used it in any way during the commission of the violation, it shall order that the firearm be summarily forfeited under section 609.5316, subdivision 3."

**Subd. 6. Notice regarding cybersecurity events of insurers to producers of record.** (a) In the case of a cybersecurity event involving nonpublic information that is in the possession, custody, or control of a licensee that is an insurer or its third-party service provider and for which a consumer accessed the insurer's services through an independent insurance producer, the insurer shall notify the producers of record of all affected consumers no later than the time at which notice is provided to the affected consumers.

(b) The insurer is excused from this obligation for those instances in which it does not have the current producer of record information for any individual consumer or in those instances in which the producer of record is no longer appointed to sell, solicit, or negotiate on behalf of the insurer.

Sec. 5. **[60A.9854] POWER OF COMMISSIONER.**

(a) The commissioner of commerce or commissioner of health, whichever commissioner otherwise regulates the licensee, shall have power to examine and investigate into the affairs of any licensee to determine whether the licensee has been or is engaged in any conduct in violation of sections 60A.985 to 60A.9857. This power is in addition to the powers which the commissioner has under section 60A.031. Any such investigation or examination shall be conducted pursuant to section 60A.031.

(b) Whenever the commissioner of commerce or commissioner of health has reason to believe that a licensee has been or is engaged in conduct in this state which violates sections 60A.985 to 60A.9857, the commissioner of commerce or commissioner of health may take action that is necessary or appropriate to enforce those sections.

Sec. 6. **[60A.9855] CONFIDENTIALITY.**

(4) may enter into agreements governing sharing and use of information consistent with this subdivision.

Subd. 4. **No waiver of privilege or confidentiality.** No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subdivision 3.

Subd. 5. **Certain actions public.** Nothing in sections 60A.985 to 60A.9857 shall prohibit the commissioner from releasing final, adjudicated actions that are open to public inspection pursuant to chapter 13 to a database or other clearinghouse service maintained by the National Association of Insurance Commissioners, its affiliates, or subsidiaries.

Subd. 6. **Classification, protection, and use of information by others.** Documents, materials, or other information in the possession or control of the National Association of Insurance Commissioners or a third-party consultant pursuant to sections 60A.985 to 60A.9857 are classified as confidential, protected nonpublic, and privileged; are not subject to subpoena; and are not subject to discovery or admissible in evidence in a private civil action.

"Section 1. Minnesota Statutes 2018, section 115B.17, subdivision 13, is amended to read:

Subd. 13. **Priorities; rules.** By November 1, 1983, the Pollution Control Agency shall establish a temporary list of priorities among releases or threatened releases for the purpose of taking remedial action and, to the extent practicable consistent with the urgency of the action, for taking removal action under this section. The temporary list, with any necessary modifications, shall remain in effect until the Pollution Control Agency adopts rules establishing state criteria for determining priorities among releases and threatened releases. The Pollution Control Agency shall adopt the rules by July 1, 1984. After rules are adopted, a permanent priority list shall be established, and may be modified from time to time, using the current guidance and tools for the Hazard Ranking System adopted by the federal Environmental Protection Agency and according to the criteria set forth in the rules. Before any list is established under this subdivision the Pollution Control Agency shall publish the list in the State Register and allow 30 days for comments on the list by the public.

The temporary list and the rules required by this subdivision shall be based upon the relative risk or danger to public health or welfare or the environment, taking into account to the extent possible the population at risk, the hazardous potential of the hazardous substances at the facilities, the potential for contamination of drinking water supplies, the potential for direct human contact, the potential for destruction of sensitive ecosystems, the administrative and financial capabilities of the Pollution Control Agency, and other appropriate factors.

Sec. 2. Minnesota Statutes 2018, section 115B.406, subdivision 1, is amended to read:

Subdivision 1. **Legislative findings.** The legislature recognizes the need to protect the public health and welfare and the environment at priority qualified facilities. To implement a timely and effective cleanup and prevent multiparty litigation, the legislature finds it is in the public interest to direct the commissioner of the Pollution Control Agency to:

(1) take environmental response actions that the commissioner deems reasonable and necessary to protect the public health or welfare or the environment at priority qualified facilities ~~and to;~~

(2) acquire real property interests at priority qualified facilities to ensure the completion and long-term effectiveness of environmental response actions; and

(3) prevent both an unjust financial windfall to and double liability of owners and operators of priority qualified facilities.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to actions commenced on or after January 1, 2020.

Sec. 3. Minnesota Statutes 2018, section 115B.406, subdivision 9, is amended to read:

Subd. 9. **Environmental response costs; liens.** (a) All environmental response costs and reasonable and necessary expenses, including administrative and legal expenses, incurred by the commissioner at a priority qualified facility constitute a lien in favor of the state upon any real property located in the state, other than homestead property, owned by the owner or operator of the priority qualified facility who is subject to the requirements of section 115B.40, subdivision 4 or 5. A lien under this paragraph may not be extinguished, limited, or impaired by application of section 500.20 or 541.023. Notwithstanding section 514.672, a lien under this paragraph continues until the lien is satisfied or is released according to paragraph (c).

(b) If the commissioner conducts an environmental response action at a priority qualified facility and the environmental response action increases the fair market value of the facility above the fair market value of the facility that existed before the response action was initiated, then the state has a lien on the facility for the increase in fair market value of the property attributable to the response action, valued at the time that construction of the final environmental response action was completed, not including operation and maintenance. A lien under this paragraph may not be extinguished, limited, or impaired by application of section 500.20 or 541.023. Notwithstanding section 514.672, a lien under this paragraph continues until the lien is satisfied or is released according to paragraph (c).

(c) A lien under this subdivision paragraph (a) or (b) attaches when the environmental response costs are first incurred. Notwithstanding section 514.672, a lien under this subdivision continues until the lien is satisfied or six years after completion of construction of the final environmental response action, not including operation and maintenance. Notice, filing, and release, and enforcement of the lien are governed by sections 514.671 to 514.676, except where those requirements specifically are related to only cleanup action expenses as defined in section 514.671. The commissioner may release a lien under this subdivision if the commissioner determines that attachment or enforcement of the lien is not in the public interest. A lien under this subdivision is not subject to the foreclosure limitation described in section 514.674, subdivision 2. Relative priority of a lien under this subdivision is governed by section 514.672, except that a lien attached to property that was included in any permit for the priority qualified facility takes precedence over all other liens regardless of when the other liens were or are perfected. Amounts received to satisfy all or a part of a lien must be deposited in the remediation fund.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to actions commenced on or after January 1, 2020.

Sec. 4. Minnesota Statutes 2018, section 115B.407, is amended to read:

**115B.407 ACQUISITION AND DISPOSITION ACQUIRING AND DISPOSING OF REAL PROPERTY AT PRIORITY QUALIFIED FACILITIES.**

Subdivision 1. **Acquiring and disposing of real property.** (a) The commissioner may acquire interests in real property by donation or eminent domain at all or a portion of a priority qualified facility. Condemnation under this section includes acquisition of fee title or an easement. After acquiring an interest in real property under this section, the commissioner must take environmental response actions at the priority qualified facility according to sections 115B.39 to 115B.414 after the legislature makes an appropriation for that purpose.

(b) The commissioner may dispose of real property acquired under this section according to section 115B.17, subdivision 16.

(c) Except as modified by this section, chapter 117 governs condemnation proceedings by the commissioner under this section. The exceptions under section 117.189 apply to the use of eminent domain authority under this section. Section 117.226 does not apply to properties acquired by the use of eminent domain authority under this section.

(d) The state is not liable under this chapter solely as a result of acquiring an interest in real property under this section.

Subd. 2. Eminent domain damages. (a) For purposes of this subdivision, the following terms have the meanings given:

(1) "after-market value" means the property value of that portion of the subject property remaining after a partial taking;

(2) "as remediated" means the condition of the property assuming the environmental response actions selected by the commissioner have been completed, including environmental covenants and easements and other institutional controls that may apply;

(3) "before-market value" means the property value of the entire subject property before the taking, less the remediation costs;

(4) "property value" means the fair market value of the real property, as remediated, less any reduction in value attributable to the stigma of pollution; and

(5) "remediation costs" means the reasonably foreseeable costs and expenses, including administrative and legal expenses, that the commissioner will incur to implement the environmental response actions that the commissioner selected for the property according to section 115B.406, subdivision 3, less the amount, if any, that the property owner demonstrates was released under section 115B.443, subdivision 8, which must not be greater than the extent of insurance coverage under policies for the property included in a settlement consistent with section 115B.443, subdivision 8.

(b) The damages awarded for condemnation of real property under this section is the greater of \$500 or:

(1) for a total taking of the subject property, the before-market value; or

(2) for a partial taking of the subject property, the before-market value less the after-market value.

(c) When awarding damages in a condemnation proceeding under this section, in addition to any other requirement of chapter 117, the finder of fact must report:

(1) the amount determined for the property value of the entire subject property before the taking; and

(2) the itemized amount determined for remediation costs.

(d) The commissioner may seek recovery of environmental response costs only to the extent the costs exceed the lower of the remediation costs or the property value of the entire subject property before the taking as reported under paragraph (c).

(e) If the actual expenses incurred by the commissioner to take environmental response actions at the priority qualified facility as determined at the time construction of the final environmental response action was completed would have yielded a higher award of damages under this section, then the commissioner must reimburse the owner an amount equal to the amount of damages as if the actual expenses were used instead of the remediation costs, less any damages already awarded.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to actions commenced on or after January 1, 2020.

Sec. 5. Minnesota Statutes 2018, section 116.07, is amended by adding a subdivision to read:

Subd. 4l. **Real property interests.** (a) To prevent, mitigate, or minimize the threat to public health and the environment posed by closed disposal facilities, the commissioner may acquire interests in real property at a solid waste disposal facility, including easements and environmental covenants under chapter 114E, when the commissioner determines that the property interests are needed to implement activity and use limitations related to:

(1) closure;

(2) postclosure care; and

(3) any other actions needed after the postclosure care period expires.

(b) The state is not liable under this chapter or any other law solely as a result of acquiring an interest in real property under this section.

(b) In addition to paragraph (a), this subdivision applies to any day or portion of a day not worked, during which the employee was scheduled to work, that the employee did not work at the recommendation or direction of a health care provider acting within the provider's scope of practice or a Department of Health staff member due to the possibility the employee was exposed to or infected with COVID-19.

(c) Notwithstanding any law to the contrary, for each day or portion of a day identified in paragraph (a) or (b), a school district or charter school must compensate any school district or charter school employee for any hours scheduled but not worked at the employee's regular rate of pay.

(d) Notwithstanding any law to the contrary, for the purposes of this subdivision, an employee is deemed scheduled to work if:

(b) On June 30, 2020, the commissioner must subtract the amount actually paid to participants for the 2019-2020 school year under Laws 2019, First Special Session chapter 11, article 7, section 1, subdivisions 2, 3, and 4, through March 17, 2020, from the total appropriations for each program. For expenses incurred on or after March 18, 2020, the commissioner may recalculate school district, cooperative unit, and charter school amounts based on any other mechanism that allows for the full amount of this appropriation to be equitably paid to school districts, cooperative units, and charter schools. These amounts must be prorated at the end of each fiscal year if career and technical revenue is to exceed the February 2020 forecast estimate of this revenue for these fiscal years.

Subd. 4. **Nonpublic pupil transportation aid.** Notwithstanding any law to the contrary, the commissioner of education may adjust the fiscal year 2020 pupil transportation expenditures used to determine nonpublic pupil transportation aid for fiscal year 2022 based on any mechanism that allows for the full amount of the state total fiscal year 2020 expenditure estimated in the February 2020 forecast to be equitably allocated among school districts.

Subd. 5. **Interdistrict desegregation or integration transportation grants.** Notwithstanding any law to the contrary, the commissioner of education may adjust the fiscal year 2020 pupil transportation expenditures used to determine interdistrict desegregation and integration aid for fiscal year 2021 based on any mechanism that allows for the full amount of the state total fiscal year 2020 expenditure estimated in the February 2020 forecast to be equitably allocated among school districts.

The commissioner may recalculate contract hourly rates or otherwise adjust the formula based on any mechanism that allows for the full amount of this appropriation to be equitably paid to aid recipients. These amounts must be prorated at the end of the fiscal year if adult basic education aid were to exceed the February 2020 forecast estimate of this aid.

Subd. 7. **School employees; ensuring state revenue.** Notwithstanding any law to the contrary, for purposes of state aid formulas under subdivisions 1 and 3, the commissioner of education may include in any counts and costs of essential personnel the services provided by individuals who were essential personnel prior to March 13, 2020, for the purpose of ensuring state aid payments to school districts, cooperative units, and charter schools are consistent with the February 2020 forecast.

Subd. 11. **Early childhood screening revenue.** Notwithstanding the per-child dollar amounts in Minnesota Statutes, section 121A.19, at the conclusion of fiscal year 2021 only, the commissioner must increase the per-child amount for each child screened at age three in fiscal year 2021 by multiplying the allowance in Minnesota Statutes, section 121A.19, clause (1), by the statewide ratio of the number of three-year-old children screened in fiscal year 2019 to the number of three-year-old children screened in 2020.

Subd. 12. **Achievement and integration revenue.** Notwithstanding Minnesota Statutes, section 124D.861 or 124D.862, or any other law to the contrary, for fiscal year 2020 only, a school district or charter school that has not spent the full approved amount of its achievement and integration revenue may carry the unspent portion of that revenue forward into fiscal year 2021.

The board is not required to provide printed copies of these materials.

(c) The board shall require pharmacists and pharmacies to make available to patients information on sources of lower cost prescription drugs, including information on the availability of the website established under paragraph (a).

#### Sec. 4. **[151.74] INSULIN SAFETY NET PROGRAM.**

Subdivision 1. **Establishment.** (a) By July 1, 2020, each manufacturer must establish procedures to make insulin available in accordance with this section to eligible individuals who are in urgent need of insulin or who are in need of access to an affordable insulin supply.

(b) For purposes of this section, the following definitions apply:

(1) "manufacturer" means a manufacturer engaged in the manufacturing of insulin that is self-administered on an outpatient basis;

(2) "MNsured" means the Board of Directors of MNsure established in chapter 62V;

(3) "navigator" has the meaning provided in section 62V.02; and

(4) "pharmacy" means a pharmacy located in Minnesota and licensed under section 151.19 that operates in the community or outpatient license category under Minnesota Rules, part 6800.0350.

(c) Any manufacturer with an annual gross revenue of \$2,000,000 or less from insulin sales in Minnesota is exempt from this section. To request a waiver under this paragraph, the manufacturer must submit a request to the Board of Pharmacy that includes documentation indicating that the manufacturer is eligible for an exemption.

(d) An insulin product is exempt from this section if the wholesale acquisition cost of the insulin is \$8 or less per milliliter or applicable National Council for Prescription Drug Plan billing unit, for the entire assessment time period, adjusted annually based on the consumer price index.

Subd. 2. **Eligibility for urgent-need safety net program.** (a) To be eligible to receive an urgent-need supply of insulin under this section, an individual must attest to:

(1) being a resident of Minnesota;

(2) not being enrolled in medical assistance or MinnesotaCare;

(3) not being enrolled in prescription drug coverage that limits the total amount of cost-sharing that the enrollee is required to pay for a 30-day supply of insulin, including co-payments, deductibles, or coinsurance, to \$75 or less, regardless of the type or amount of insulin prescribed;

(4) not having received an urgent-need supply of insulin through this program within the previous 12 months, unless authorized under subdivision 9; and

(5) being in urgent need of insulin.

(b) For purposes of this subdivision, "urgent need of insulin" means having readily available for use less than a seven-day supply of insulin and in need of insulin in order to avoid the likelihood of suffering significant health consequences.

Subd. 3. **Access to urgent-need insulin.** (a) MNsure shall develop an application form to be used by an individual who is in urgent need of insulin. The application must ask the individual to attest to the eligibility requirements described in subdivision 2. The form shall be accessible through MNsure's website. MNsure shall also make the form available to pharmacies and health care providers who prescribe or dispense insulin, hospital emergency departments, urgent care clinics, and community health clinics. By submitting a completed, signed, and dated application to a pharmacy, the individual attests that the information contained in the application is correct.

(b) If the individual is in urgent need of insulin, the individual may present a completed, signed, and dated application form to a pharmacy. The individual must also:

(1) have a valid insulin prescription; and

(2) present the pharmacist with identification indicating Minnesota residency in the form of a valid Minnesota identification card, driver's license, or permit. If the individual in urgent need of insulin is under the age of 18, the individual's parent or legal guardian must provide the pharmacist with proof of residency.

(c) Upon receipt of a completed and signed application, the pharmacist shall dispense the prescribed insulin in an amount that will provide the individual with a 30-day supply. The pharmacy must notify the health care practitioner who issued the prescription order no later than 72 hours after the insulin is dispensed.

(d) The pharmacy may submit to the manufacturer of the dispensed insulin product or to the manufacturer's vendor a claim for payment that is in accordance with the National Council for Prescription Drug Program standards for electronic claims processing, unless the manufacturer agrees to send to the pharmacy a replacement supply of the same insulin as dispensed in the amount dispensed. If the pharmacy submits an electronic claim to the manufacturer or the manufacturer's vendor, the manufacturer or vendor shall reimburse the pharmacy in an amount that covers the pharmacy's acquisition cost.

(e) The pharmacy may collect an insulin co-payment from the individual to cover the pharmacy's costs of processing and dispensing in an amount not to exceed \$35 for the 30-day supply of insulin dispensed.

(f) The pharmacy shall also provide each eligible individual with the information sheet described in subdivision 7 and a list of trained navigators provided by the Board of Pharmacy for the individual to contact if the individual is in need of accessing ongoing insulin coverage options, including assistance in:

(1) applying for medical assistance or MinnesotaCare;

(2) applying for a qualified health plan offered through MNsure, subject to open and special enrollment periods;

(3) accessing information on providers who participate in prescription drug discount programs, including providers who are authorized to participate in the 340B program under section 340b of the federal Public Health Services Act, United States Code, title 42, section 256b; and

(4) accessing insulin manufacturers' patient assistance programs, co-payment assistance programs, and other foundation-based programs.

(g) The pharmacist shall retain a copy of the application form submitted by the individual to the pharmacy for reporting and auditing purposes.

**Subd. 4. Continuing safety net program; general.** (a) Each manufacturer shall make a patient assistance program available to any individual who meets the requirements of this subdivision. Each manufacturer's patient assistance programs must meet the requirements of this section. Each manufacturer shall provide the Board of Pharmacy with information regarding the manufacturer's patient assistance program, including contact information for individuals to call for assistance in accessing their patient assistance program.

(b) To be eligible to participate in a manufacturer's patient assistance program, the individual must:

(1) be a Minnesota resident with a valid Minnesota identification card that indicates Minnesota residency in the form of a Minnesota identification card or driver's license or permit. If the individual is under the age of 18, the individual's parent or legal guardian must provide proof of residency;

(2) have a family income that is equal to or less than 400 percent of the federal poverty guidelines;

(3) not be enrolled in medical assistance or MinnesotaCare;

(4) not be eligible to receive health care through a federally funded program or receive prescription drug benefits through the Department of Veterans Affairs; and

(5) not be enrolled in prescription drug coverage through an individual or group health plan that limits the total amount of cost-sharing that an enrollee is required to pay for a 30-day supply of insulin, including co-payments, deductibles, or coinsurance to \$75 or less, regardless of the type or amount of insulin needed.

(c) Notwithstanding the requirement in paragraph (b), clause (4), an individual who is enrolled in Medicare Part D is eligible for a manufacturer's patient assistance program if the individual has spent \$1,000 on prescription drugs in the current calendar year and meets the eligibility requirements in paragraph (b), clauses (1) to (3).

(d) An individual who is interested in participating in a manufacturer's patient assistance program may apply directly to the manufacturer; apply through the individual's health care practitioner, if the practitioner participates; or contact a trained navigator for assistance in finding a long-term insulin supply solution, including assistance in applying to a manufacturer's patient assistance program.

**Subd. 5. Continuing safety net program; manufacturer's responsibilities.** (a) Upon receipt of an application for the manufacturer's patient assistance program, the manufacturer shall process the application and determine eligibility. The manufacturer shall notify the applicant of the determination within ten business days of receipt of the application. If necessary, the manufacturer may request additional information from the applicant. If additional information is needed, the manufacturer must notify the applicant within five business days of receipt of the application as to what information is being requested. Within three business days of receipt of the requested information, the manufacturer must determine eligibility and notify the applicant of the determination. If the individual has been determined to be not eligible, the manufacturer must include the reasons for denying eligibility in the notification. The individual may seek an appeal of the determination in accordance with subdivision 8.

(b) If the individual is determined to be eligible, the manufacturer shall provide the individual with an eligibility statement or other indication that the individual has been determined eligible for the manufacturer's patient assistance program. An individual's eligibility is valid for 12 months, and is renewable upon a redetermination of eligibility.

(c) If the eligible individual has prescription drug coverage through an individual or group health plan, the manufacturer may determine that the individual's insulin needs are better addressed through the use of the manufacturer's co-payment assistance program, in which case, the manufacturer shall inform the individual and provide the individual with the necessary coupons to submit to a pharmacy. In no instance shall an eligible individual be required to pay more than the co-payment amount specified under subdivision 6, paragraph (e).

**Subd. 6. Continuing safety net program; process.** (a) The individual shall submit to a pharmacy the statement of eligibility provided by the manufacturer under subdivision 5, paragraph (b). Upon receipt of an individual's eligibility status, the pharmacy shall submit an order containing the name of the insulin product and the daily dosage amount as contained in a valid prescription to the product's manufacturer.

(b) The pharmacy must include with the order to the manufacturer the following information:

(1) the pharmacy's name and shipping address;

(2) office telephone number, fax number, e-mail address, and contact name; and

(3) any specific days or times when deliveries are not accepted by the pharmacy.

(c) Upon receipt of an order from a pharmacy and the information described in paragraph (b), the manufacturer shall send to the pharmacy a 90-day supply of insulin as ordered, unless a lesser amount is requested in the order, at no charge to the individual or pharmacy.

(d) Except as authorized under paragraph (e), the pharmacy shall provide the insulin to the individual at no charge to the individual. The pharmacy shall not provide insulin received from the manufacturer to any individual other than the individual associated with the specific order. The pharmacy shall not seek reimbursement for the insulin received from the manufacturer or from any third-party payer.

(e) The pharmacy may collect a co-payment from the individual to cover the pharmacy's costs for processing and dispensing in an amount not to exceed \$50 for each 90-day supply if the insulin is sent to the pharmacy.

(f) The pharmacy may submit to a manufacturer a reorder for an individual if the individual's eligibility statement has not expired. Upon receipt of a reorder from a pharmacy, the manufacturer must send to the pharmacy an additional 90-day supply of the product, unless a lesser amount is requested, at no charge to the individual or pharmacy if the individual's eligibility statement has not expired.

(g) Notwithstanding paragraph (c), a manufacturer may send the insulin as ordered directly to the individual if the manufacturer provides a mail order service option.

**Subd. 7. Board of Pharmacy and MNsure responsibilities.** (a) The Board of Pharmacy shall develop an information sheet to post on its website and provide a link to the information sheet on the board's website for pharmacies, health care practitioners, hospital emergency departments, urgent care clinics, and community health clinics. The information sheet must contain:

(1) a description of the urgent-need insulin safety net program, including how to access the program;

(2) a description of each insulin manufacturer's patient assistance program and cost-sharing assistance program, including contact information on accessing the assistance programs for each manufacturer;

(3) information on how to contact a trained navigator for assistance in applying for medical assistance, MinnesotaCare, a qualified health plan, or an insulin manufacturer's patient assistance programs;

(4) information on how to contact the Board of Pharmacy if a manufacturer determines that an individual is not eligible for the manufacturer's patient assistance program; and

(5) notification that an individual in need of assistance may contact their local county social service department for more information or assistance in accessing ongoing affordable insulin options.

(b) The board shall also inform each individual who accesses urgent-need insulin through the insulin safety net program or accesses a manufacturer's patient assistance program that the individual may participate in a survey conducted by the Department of Health regarding satisfaction with the program. The board shall provide contact information for the individual to learn more about the survey and how to participate. This information may be included on the information sheet described in paragraph (a).

(c) MNsure, in consultation with the Board of Pharmacy and the commissioner of human services, shall develop a training program for navigators to provide navigators with information and resources necessary to assist individuals in accessing appropriate long-term insulin options.

(d) MNsure, in consultation with the Board of Pharmacy, shall compile a list of navigators who have completed the training program, and who are available to assist individuals in accessing affordable insulin coverage options. The list shall be made available through the board's website and to pharmacies and health care practitioners who dispense and prescribe insulin.

(e) If a navigator assists an individual in accessing an insulin manufacturer's patient assistance program, MNsure, within the available appropriation, shall pay the navigator a onetime application assistance bonus of no less than \$25. If a navigator receives a payment per enrollee of an assistance bonus under section 62V.05, subdivision 4, or 256.962, subdivision 5, the navigator shall not receive compensation under this paragraph.

**Subd. 8. Dispute resolution.** (a) If an individual disagrees with a manufacturer's determination of eligibility under subdivision 5, the individual may contact the Board of Pharmacy to request the use of a three-person panel to review eligibility. The panel shall be composed of three members of the board. The individual requesting the review shall submit to the board, with the request, all documents submitted by the individual to the manufacturer. The board shall provide the panel with the documents submitted by the individual. The panel shall render a decision within ten business days of receipt of all the necessary documents from the individual. The decision of the panel is final.

(b) If the panel determines that the individual is eligible, the manufacturer shall provide the individual with an eligibility statement in accordance with subdivision 5.

**Subd. 9. Additional 30-day urgent-need insulin supply.** (a) If an individual has applied for medical assistance or MinnesotaCare but has not been determined eligible or has been determined eligible but coverage has not become effective or the individual has been determined ineligible for the manufacturers' patient assistance program by the manufacturer and the individual has requested a review pursuant to subdivision 8 but the panel has not rendered a decision, the individual may access urgent-need insulin under subdivision 3 if the individual is in urgent need of insulin as defined under subdivision 2, paragraph (b).

(b) To access an additional 30-day supply of insulin, the individual must attest to the pharmacy that the individual meets the requirements of paragraph (a) and must comply with subdivision 3, paragraph (b).

Subd. 10. **Penalty.** (a) If a manufacturer fails to comply with this section, the board may assess an administrative penalty of \$200,000 per month of noncompliance, with the penalty increasing to \$400,000 per month if the manufacturer continues to be in noncompliance after six months, and increasing to \$600,000 per month if the manufacturer continues to be in noncompliance after one year. The penalty shall remain at \$600,000 per month for as long as the manufacturer continues to be in noncompliance.

(b) In addition, a manufacturer is subject to the administrative penalties specified in paragraph (a) if the manufacturer fails to:

(1) provide a hotline for individuals to call or access between 8 a.m. and 10 p.m. on weekdays and between 10 a.m. and 6 p.m. on Saturdays; and

(2) list on the manufacturer's website the eligibility requirements for the manufacturer's patient assistance programs for Minnesota residents.

(b) A manufacturer must maintain the privacy of all data received from any individual applying for the manufacturer's patient assistance program under this section and is prohibited from selling, sharing, or disseminating data received under this section unless required to under this section or the individual has provided the manufacturer with a signed authorization.

Subd. 12. **State and federal anti-kickback provisions.** (a) The conduct of any person or entity participating in or administering the insulin safety net program under this section is not subject to liability under section 62J.23, subdivisions 1 and 2.

(b) No person or entity, including but not limited to any drug manufacturer, pharmacy, pharmacist, or third-party administrator, as part of the person's or entity's participation in or administration of the insulin safety net program established under this section, shall request or seek, or cause another to request or seek, any reimbursement or other compensation for which payment may be made in whole or in part under a federal health care program, as defined in United States Code, title 42, section 1320a-7b(f).
